CATS

CATS

The CUNY Assistive Technology Services Project (CATS) provides training and technical support to CUNY campus offices of services for students with disabilities.

CATS is staffed by a team of assistive technology specialists located at Queensborough Community College.

CATS researches and tests assistive technologies and other tools and provides support for CUNY AT campus staff

catsweb.cuny.edu

CATSweb is the online resource for CUNY's assistive technology professionals. CATSweb provides a information on best practices, emerging technologies and solutions

CATSweb connects providers with information, reviews and case studies of student-based experiences with assistive technologies.

CATSweb content is produced and compiled by the staff of the various Disability Services offices of each CUNY campus.
